**Extra Curricular Participation Fee:** In addition to these fees, there will be a \$125 DSISD Extra-Curricular Participation Fee collected by the district early in the school year. This fee is required for all students who participate in High School Athletics, Band (including Color Guard), Cheerleading, or Hi-Steppers. These fees help pay for items that are provided by the District to the students, such as travel, equipment, uniforms and maintenance costs. If a student registers for one of these activities, he or she is required to pay the extracurricular participation fee.
